2022/01 Revised 修訂

Extending the Healing Ministry of Christ
延續基督的醫治大能

It is natural for parents to be concerned about their child's health, particularly if the child requires surgery. Hong Kong Adventist Hospital is dedicated to providing comprehensive and professional care in a safe, friendly, and pleasant environment. In order to allow parents to assess the affordability of the necessary surgery, and to make a wise and stress free decision, we are pleased to provide the following surgical packages.

作為一個醫療保健機構，我們力求在安全、親切和舒適的環境下，提供專業而周到的服務。當孩子有需要接受手術治療時，孩子的身體狀況固然教父母掛心，所需開支亦是不少父母考慮的問題之一。為了讓父母有較準確的預算，減輕這方面的顧慮，我們特意推出下列各項手術的全套優惠：

A Circumcision 割包皮手術

Circumcision is usually necessary because the foreskin is long, with a narrow opening preventing the patient from adequately cleaning the end of the penis. Benefits of circumcision include improved genital hygiene and comfort, as well as a reduced risk of infection.

當包皮過長，或開口過於狹窄時，清潔會較困難，甚至有機會導致包皮發炎。通過外科手術，可切除包在陰莖頭四周過緊或過長的外皮，以便日常清潔，避免細菌繁殖，引起發炎。

A Herniotomy 小腸氣切開手術

A hernia in childhood is due to a developmental abnormality or weakness that allows the bowel to push through the muscles, resulting in a visible bulge and occasionally strangulation of the bowel. Surgery involves returning the bowel to the abdominal cavity, and then repairing the muscles and tissues, so as to prevent any recurrences of the hernia.

當腹壁肌肉或筋膜有破洞或缺損，內臟有可能誤墜其中，即俗稱「小腸氣」疾病。通過手術可分隔內臟組織和腹膜，並縫合漏管，除可治療因此引起的各種症狀外，亦可避免併發小腸壞死等併發症。

A Orchidopexy (unilateral) 單側睪丸固定手術（睪丸未下）

This is a surgical procedure to place the testicle in its correct position in the scrotum. Failure of the testicle to descend into the scrotum by the time of birth is referred to as Cryptorchidism, and if not corrected may result in incomplete development and non-function of the testicle.

在懷胎七月時，小男孩的睪丸會下降至陰囊，如果途中發生問題而停頓，便會形成隱睪症。手術能將隱藏的睪丸置於正常位置，避免影響睪丸正常發育，甚至將來的生育能力。

Pediatric General Surgical Package

A	Procedure	VIP/ Private Room	Semi Private Room	Standard Room
Length of hospitalization: 2 days 1 night [^]				
	Circumcision	\$18,100	\$13,300	\$ 8,800
