Bunion Clinic Packages

A bunion, also known as hallux valgus or bursitis, is a condition that affects many people. To provide comprehensive care to those in need, the Bunion Clinic at Hong Kong Adventist Hospital – Stubbs Road offers packages that cover surgery for bunion correction and post-operative follow-up care.

In particular, the Bunion Surgery Hospital Care Package includes not only hospital expenses related to the specific surgery, but assessment by a physiotherapist and gait training during the patient's hospital stay as well. A bunion shoe and a pair of crutches are also provided.

Is Surgery Necessary for Bunion Correction?

Bunions may be treated via non-surgical and surgical methods, the latter of which encompasses various treatment options. With the continued advancement of medical technology, minimally invasive surgery may now be used to treat bunions, although this method is not suitable for all cases. Those with severe deformity or have bunions that involve multiple toes, for example, may not qualify for minimally invasive surgery.

As we rely heavily on the strength of our big toe when walking, bunions not only affect the appearance of our foot and cause pain, but may also impact our ability to walk normally. It is therefore important to consult a specialist early for examination and diagnosis so as to determine the appropriate treatment as soon as possible.

拇趾外翻診所套餐

拇趾外翻又稱為拇趾滑液囊炎，是令不少人深受困擾的疾病。香港安醫院—司徒拔道的拇趾外翻診所特別推出拇指外翻手術套餐及術後門診套餐，為有需要人士提供全方位照顧。

其中，拇趾外翻手術套餐除包括有關手術的醫院費用外，更涵蓋住院期間的物理治療師評估和步行訓練，及康復期間需穿着的拇趾外翻專用鞋及拐杖。

拇趾外翻必須通過手術治療嗎？

治療拇趾外翻包括非手術和手術治療，後者更有多種治療方式。隨着醫療科技發展，現時已可使用微創手術治療拇趾外翻，只是並非所有情況適用，例如拇趾嚴重變形、多隻腳趾變形等。

我們行走時，十分倚重拇趾的力量，故拇趾外翻不單影響外觀、帶來痛楚，連日常行走都有機會受影響。因為，及早接受專科醫生檢查和診斷，以決定治療方式，便尤為重要。

 7. Patients should indicate their room type preference prior to admission. HKAH – SR will offer the preferred room type to patients based on availability at the time of admission. Patient accommodation may not be downgraded once admitted. If patients choose to upgrade their accommodation after admission, the entire package will be charged at the higher rate.
 8. Companion beds are only available for private rooms. Additional charges will apply.
 9. Length of stay is based on a 24-hour day, with effect from the time of admission registration.
 10. The package takes effect from the time of admission registration for the specific procedure included in the package. Refunds are not available, under any circumstance, in the event of discharge that is earlier than as indicated in the package.
 11. The package is only applicable to the operating room’s office hours: Mondays to Thursdays, 08:00 - 22:00; Fridays and Sundays, 08:00 - 18:00. Non-office hours of operating room / emergency services: Saturdays and hospital holidays.
 12. Eligibility for the package is based on the recommendation of the specialist and each patient’s actual condition. HKAH – SR reserves the right of final decision regarding the suitability of the package for patients.
 13. If the patient is diagnosed with a disease that differs from the original diagnosis and requires a different course of treatment subsequent to admission to hospital, HKAH – SR may invalidate the package and apply charges according to the new treatment required. In this case, patients (or their next of kin/authorized persons) will be informed of the new charges and their consent will be sought before the new course of treatment is administered.
 14. HKAH – SR reserves the right to delete or modify the details and terms and conditions of this package at any time without prior notice. In case of dispute, the decision of HKAH – SR shall be final.
 15. This package is effective from 2023/08/07 until further notice (details from the latest version shall prevail).
