## Minimally Invasive Surgery Short Stay Center 微創手術快速出院中心

The Minimally Invasive Surgery Short Stay Center at Hong Kong Adventist Hospital – Stubbs Road provides one-stop minimally invasive surgery (MIS) services that are specially designed for patients who require short-stay accommodation following their MIS procedure. Staffed by a professional medical team led by experienced specialists, the center provides excellent MIS services in areas including gynecological surgery and general surgery.

### Highlights

- + **Unparalleled convenience:** patients may arrange their operation and subsequent short stay at the time of consultation with their doctor
- + **Flexibility for patients:** in most cases, patients are able to be discharged within 24 hours after their surgery
- + **Well-equipped facilities:** operating rooms are fully equipped with advanced laparoscopic and endoscopic instruments

MIS Short Stay Center

香港港安醫院—司徒拔道的微創手術快速出院中心提供一站式微創手術服務，特別為要進行微創手術而需短期住院的人士而設。由專科醫生帶領細心的醫護團隊，提供超卓的微創手術服務，包括婦科手術及普通外科手術。

### 中心特點

- + **流程快捷：**診症後，按病人需要直接預約手術及住院
- + **靈活安排時間：**所提供的手術大部份情況下都可以在廿四小時內出院
- + **完善配套：**手術室設備齊全，備有各種先進的腹腔鏡和內視鏡儀器

## The Benefits of MIS 微創手術的優點

The benefits of minimally invasive surgery include:

- + No disruption to abdominal wall as procedure does not require surgeons to cut through abdominal wall fascia and muscle
- + Less blood loss
- + Faster recovery
- + Better cosmetic results

對大部份病人來說，微創手術的優點包括：

- + 不必切割開腹壁肌肉及筋膜，減少傷口感染或深層肌肉傷口的併發症
- + 出血量較少
- + 康復期較短
- + 顯著地改善手術對外觀的影響

MIS Short Stay Center
