

Guidelines for Robotic Surgery Privileges

I. Certificate(s)

1. da Vinci® Surgical System online training module.
2. da Vinci® Surgical System offsite training as a console surgeon.
3. da Vinci Xi® Surgical System online training module recognized by Hong Kong Adventist Hospital – Stubbs Road and Intuitive surgical Inc.

II. Demonstrate capability in performance of procedures / surgeries

For request for specific clinical privileges to be considered, applicant must have performed six (6) or more procedures / surgeries as a console surgeon.

If the applying physician has performed less than five cases as a console surgeon, a second surgeon of equal ability is to be pre-arranged by the primary surgeon to accompany or mentor/proctor the primary surgeon. The mentor surgeon must be an independent console surgeon with over 25 cases.
